

NOTE:
This map illustrates the general layout of a comprehensive trail and bikeway network. While existing trails are shown as accurately as a map at this scale can depict, the proposed trail alignments should be interpreted as schematic and conceptual, rather than actual. Detailed trail engineering studies will be made with the cooperation of land owners and resource agencies before any trail is built and opened to the public.

- Recreational Trails and Class I Bikeways**
- 1 - Blue Gravel Mine Trail
 - 2 - Buckeye Park Trail
 - 3 - Canyon Creek Trail
 - 4 - Cascade Park Trail
